By **Adrià Garcia, Víctor Maldonado**

Produced by Filmax International

Sinopsis: In the aging orphanage the days pass uneventfully, but the nights are something quite different - at least for Tim they are. The light reflected from the stars is the only cure for his fear of the dark. One night he discovers that his favorite star has disappeared, and unfortunately it's not going to be the last one. Tim is not about to go to bed; he needs his star more than anything in the world, and will do whatever it takes to see it shine in the night sky once again. But an ominous threat is putting in danger the night and the inhabitants of Nocturna, and Tim is unknowingly the one behind it all.
